

# Deep Linking in Blackboard

1. Enter your course; click on the eTextbook link.
2. Mouse over “Partner Content” and select Bookshelf by VitalSource.
3. Select “Add Links from Adopted eTextbooks”.
4. The Table of contents for the book will populate with check boxes for desired links. Once you select all the ones you want, click “Add Links”.
5. In the following screen, you can choose the destination folder and confirm the link information. Click “Submit” when ready.
