Disabling the Safari Pop-up Blocker

Pearson Middle East Technical Support

Introduction

Safari features a pop-up blocker that can prevent new windows from opening.

Please follow the instructions in the upcoming pages to be sure that new windows that open on Pearson web sites are not blocked.

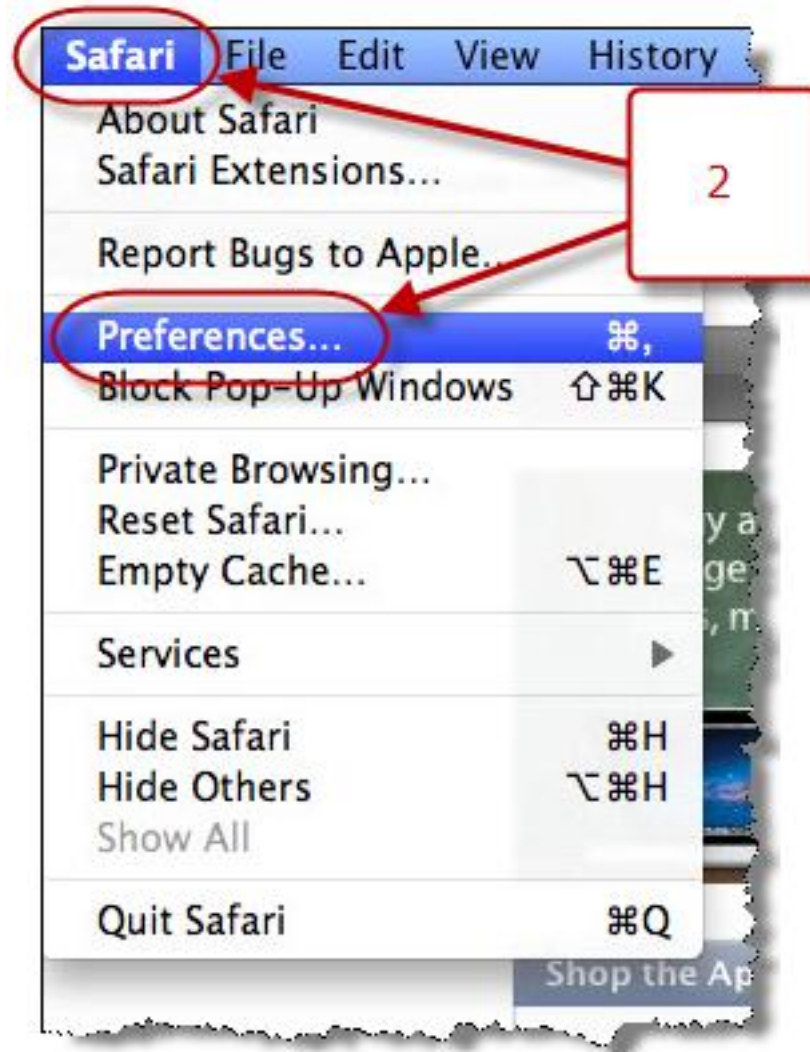

Note: *To access content after disabling or configuring your pop-up blocker you may need to refresh the web page, or restart your Safari web browser.*

Accessing the Safari Preferences Menu

Step 1: Open Safari

Step 2: Open the Preferences menu
In Mac OS X: Click **Safari > Preferences**

In Windows: Click **Edit** or **Settings** (⚙️) > **Preferences**

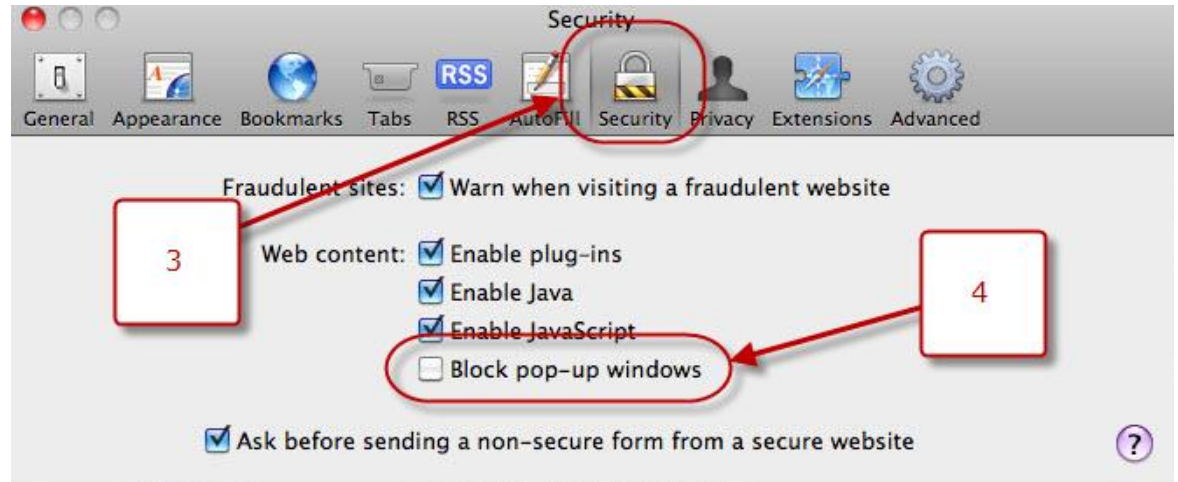

Accessing the Security Menu

Step 3: In the window that opens, click **Security**

Step 4: Be sure no check appears in the box beside Block pop-up windows

Step 5: Close the Security window

Note: To access content after disabling or configuring your pop-up blocker you may need to refresh the web page, or restart your Safari web browser.
