

HCT-PEARSON FOUNDATIONS ENGLISH USER GUIDE

Log in to your Blackboard account and choose your English Foundations level.

Tap on the 'Course Content Units' link.

Tap on the link to open the course content in a Safari window.

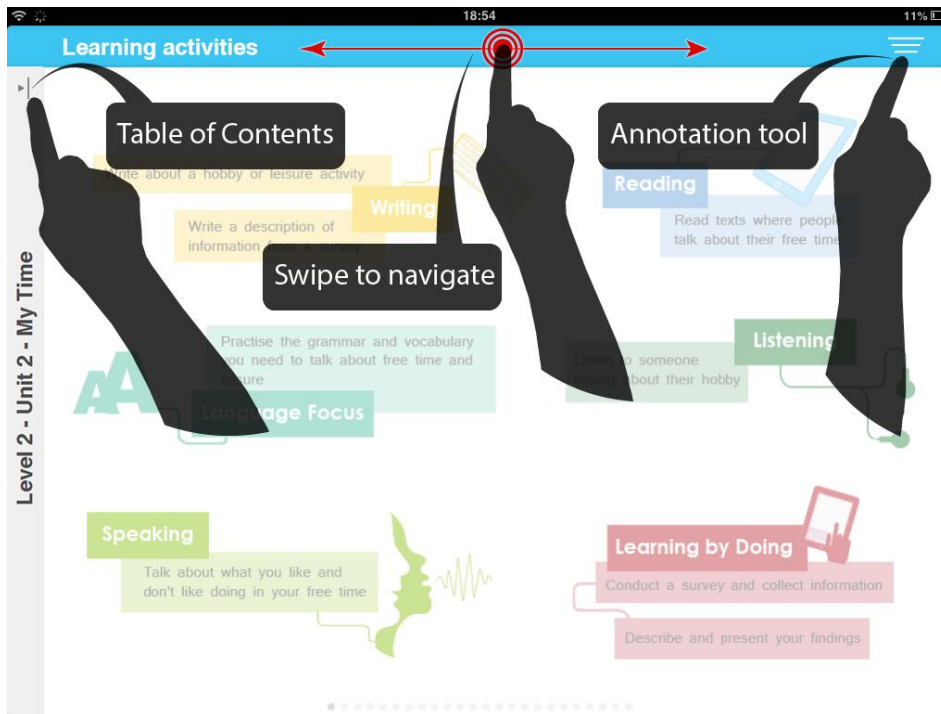

Tap on the arrow to the left of the address bar, and then tap on 'Add to Home Screen'.

Tap on the 'Add' button.

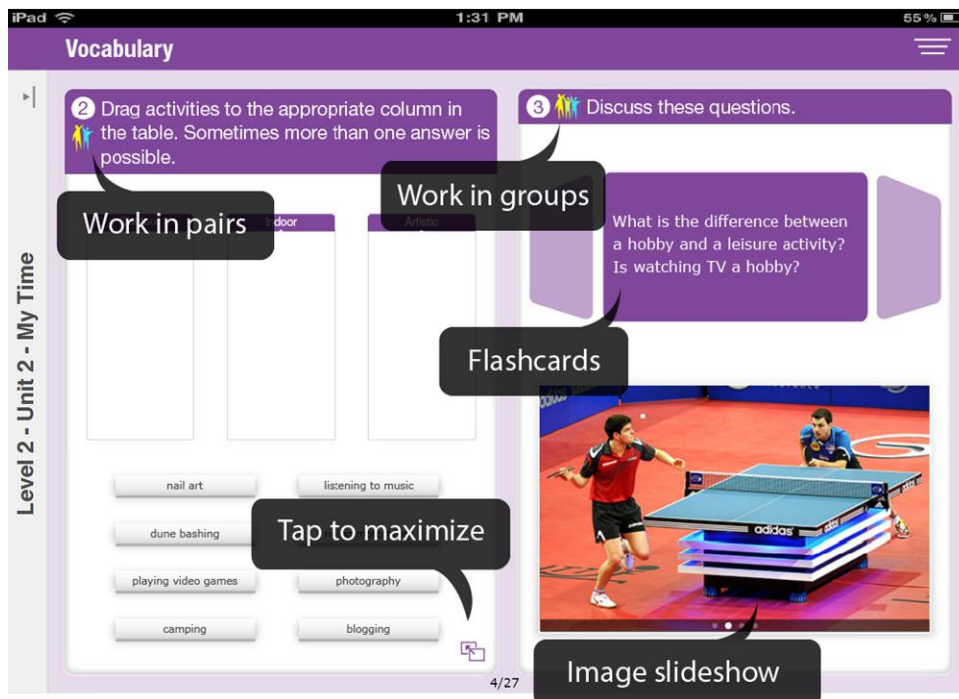

To launch the unit full screen, tap on your 'Level' icon on the home screen.

Tap to reveal the Table of Contents and swipe to navigate between slides, which are numbered at the bottom middle of each slide. Don't forget to swipe at the "header" level when navigating from one slide to another.

To access the annotation tool, tap on the upper right icon on the header banner.

Icons indicate pair or group work.

Technical requirements and recommendations:

- An active Internet connection
- iOS 6 or above
 - To check which version you are using, go to 'Settings'→'General'→'About'
 - To upgrade, tap on 'Settings'→'General'→'Software Update' and download the update
- The current version of the course only runs in landscape mode. Portrait mode will become available with the next release. We advise you to lock your iPad in landscape mode:
 - Rotate the iPad to the landscape display
 - Double-click the Home button to display recently used apps
 - Flick from left to right along the bottom of the screen
 - Tap the Screen Rotation Lock button on the bottom left of the screen
 - A padlock will appear in the Screen Rotation Lock button
