For Quizzes DELIVERED through Respondus Lockdown Browser

Step 1 – The quiz “World History” is the quiz to be delivered through LDB.

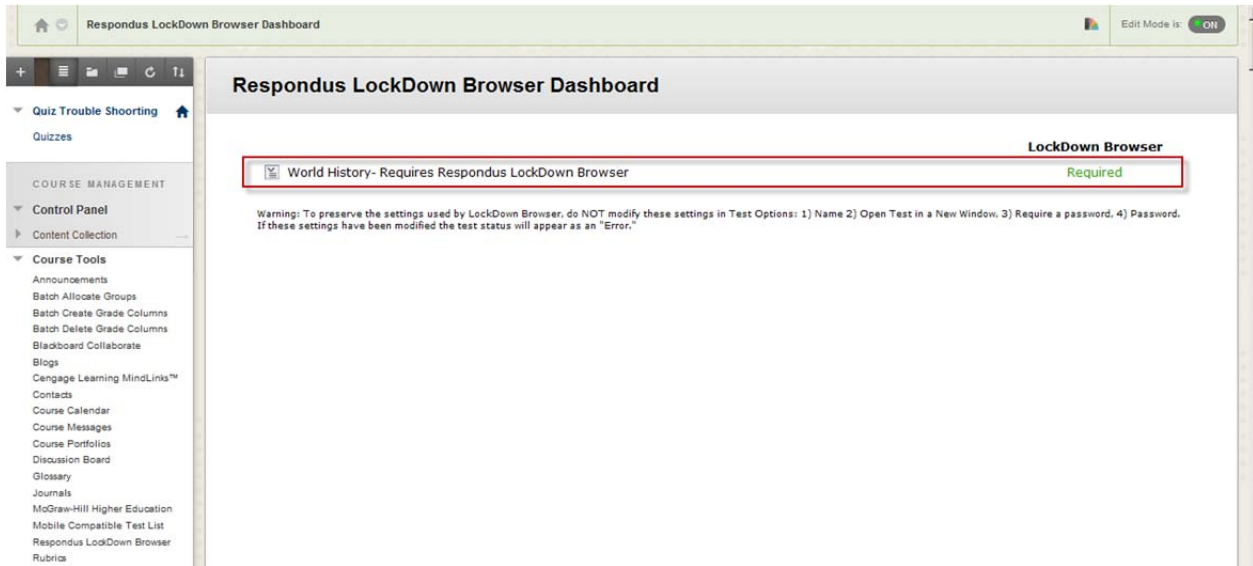

Step 2 – Set up the quiz to be taken through LDB. Follow steps 1 to 6 indicated in the image.

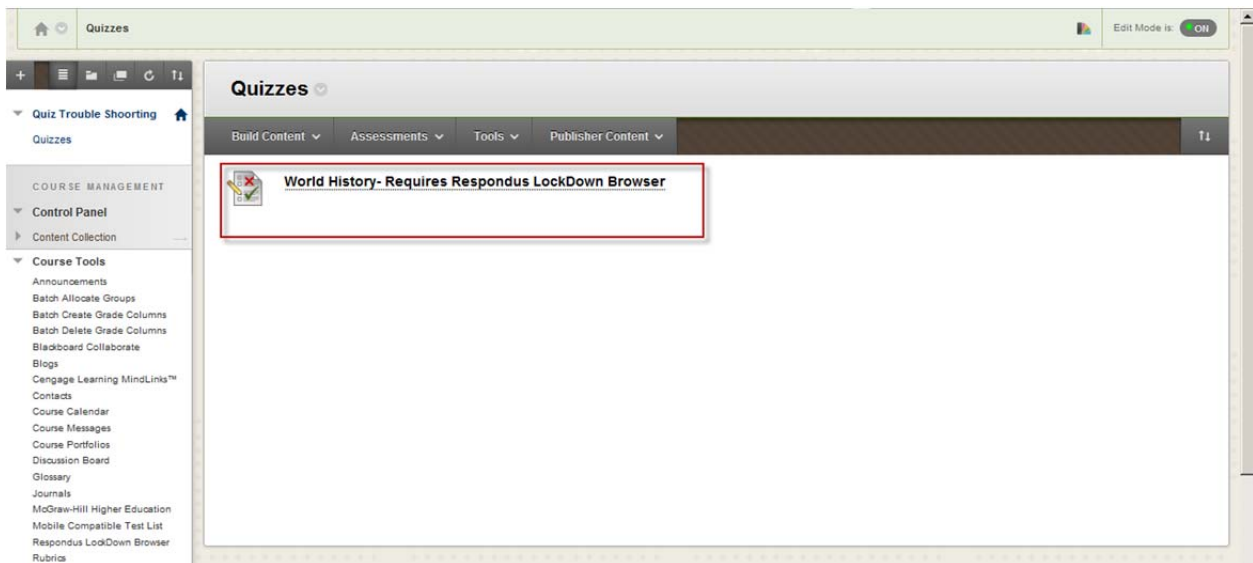

***Important:* Please note student should be provided with the password which has been setup in this screen.**

Step 3 – Quiz status in the LDB Dashboard after it has been set up for LDB.

Step 4 – Quiz status in the content area after it has been set up for LDB.

Step 5 – Quiz setting after it has been set up for LDB.

Important: Please DO NOT edit this setting once it has been set for LDB. Also, students must NOT be provided with the encrypted secret password created by LockDown Browser (shown in the below screen shot) as they would be able to bypass the security of the test with a standard browser.

Callout Bubble Text: This Quiz is through LDB. As the password given under Course Tools->Respondus Lockdown Browser->(Respective Quiz), hence password gets encrypted in this screen for more security, which should not shared to student to use or modify any more in this screen.

Note: Any changes to the above test settings including removing the password requirement, renaming the test title, moving the test to another content area, etc. can impact LockDown Browser. If these settings have been modified the test status will appear as an 'Error' as below. In that case, click on “Fix It” button to update the settings.

The screenshot displays the Respondus LockDown Browser Dashboard. On the left is a sidebar with navigation options: Quiz Trouble Shooting, Quizzes, COURSE MANAGEMENT, Control Panel, Content Collection, and Course Tools. The main area is titled 'Respondus LockDown Browser Dashboard' and contains a table of tests. The table has two columns: the test name and the LockDown Browser status. The first two tests, 'World History' and 'Essay BB9 Testing', are marked as 'Not Required'. The third test, 'A11 - Requires Respondus LockDown Browser', is marked as 'Error' and is highlighted with a red border. A yellow 'Fix It' button is located next to the 'Error' status. Below the table, a warning message states: 'Warning: To preserve the settings used by LockDown Browser, do NOT modify these settings in Test Options: 1) Name 2) Open Test in a New Window, 3) Require a password, 4) Password. If these settings have been modified the test status will appear as an "Error."'
